Google Grants

Google Grants provides eligible organizations with in-kind keyword advertising using Google AdWords so you can connect directly with your target audience. Through simple, short text ads that run on Google.com, thousands (or even millions) of people can learn about your organization online as they are searching for related information. When someone enters keywords (short phrases specifying a particular search query) into Google.com, ads targeted to those keywords appear alongside the search results. If your organization is a recognized 501(c)(3) whose mission and programs fit their eligibility requirements, they encourage you to apply. Your application is more likely to be successful if you have a basic understanding of the Google AdWords Program and the Google Grants program guidelines. You'll be asked to provide sample keywords, ad copy, and a brief statement about how your organization will benefit from participating in the Google Grants program. Google selects Google Grants recipients every quarter. You will know within six months or less whether or not you will receive a Google Grant award. **Ongoing deadline.**
