Initiative funds will be distributed through three distinct paths: partnerships with major organizations such as the Sundance Institute, the Independent Television Service and the Tribeca Film Institute; collaboration with other Ford Foundation grant-making programs; and an ongoing open-application process that will help JustFilms stay attuned to fresh ideas. Through its grant making, the foundation supports innovative thinkers, leaders and organizations that are working to reduce poverty and injustice and to promote democratic values, free expression and human achievement. Gerber Foundation

The Foundation's mission focuses on infants and young children. Accordingly, priority is given to projects that improve infant and young children nutrition, care and development from the first year before birth to three years of age. Programs should support a specific nutrition or health intervention and have defined outcome parameters. Generally, competitive requests will be focused on particular projects in furtherance of the Foundation's mission and goal of supporting nutrition or health-related interventions to improve infant health and development. Foundation grants are not typically ongoing. Supported projects should have beginnings and endings, reasonable periods during which measurable progress or outcomes are accomplished. The impact of Foundation funding should be detailed, so that the infusion of new or outside funding can be seen to have some positive influence on the progress or outcome of the Project. Grants are limited to three years in length. While there is no policy affecting the dollar amounts of Foundation grants, there are some practical considerations. Projects requiring small grants (generally under \$50,000) are typically local in scope and impact, and therefore may not be within the scope of national funding initiatives. Large requests (greater than \$1 million) may exceed available Foundation resources. Grant awards are approved in May and November. Initial letters of inquiry are accepted at any time but should be submitted no later than 5 months prior to these award dates. For the May round submit letters prior to December 1; for the November round submit letters prior to June 1. **Ongoing deadline.**
