

Caremax

# CareMax Overview

---

# CareMax at a Glance

We offer community health and wellness centers that provide a comprehensive suite of healthcare and social services

## ***We are...***

*A founder-led, technology-enabled, whole person healthcare platform providing value-based care and chronic disease management to seniors.*

## ***Our mission...***

*Is to empower care teams to provide high-quality, compassionate care by transforming the primary care delivery model to improve outcomes for patients most in need and to reduce overall costs.*

## ***We empower providers...***

*By providing a medical management platform equipped with data, analytics, and rules-based decision tools and workflows used by physicians across the United States.*
